GRINGLEY: SHOPS & BUILDINGS

An ongoing survey of who lived and traded, where & when, in the village

POSSIBLE COVER DESIGN

Diagram showing a map of the inner village with various buildings and their corresponding text boxes for recording information. The map is divided into zones, with Zone 5 highlighted in orange. Buildings are labeled with names and addresses, such as 'The Old Orchard, DN10 4RG' and 'Ridgecroft House, DN10 4RG'. A key at the bottom identifies building types: Residence, The House, Former Shop etc., The House, Other Building, The Centre, Former Building, An Echo, Extra detailed info also held, and Confidential info also held.

POSSIBLE INSIDE DESIGN - INNER VILLAGE

Diagram showing a map of the outer village with various buildings and their corresponding text boxes for recording information. The map is divided into zones, with Zone 12 highlighted in orange. Buildings are labeled with names and addresses, such as 'Elsar Farm, DN10 4SN' and 'Elsar Lodge, DN10 4SN'. A key at the bottom identifies building types: Residence, The House, Former Shop etc., The House, Other Building, The Centre, Former Building, An Echo, Extra detailed info also held, and Confidential info also held.

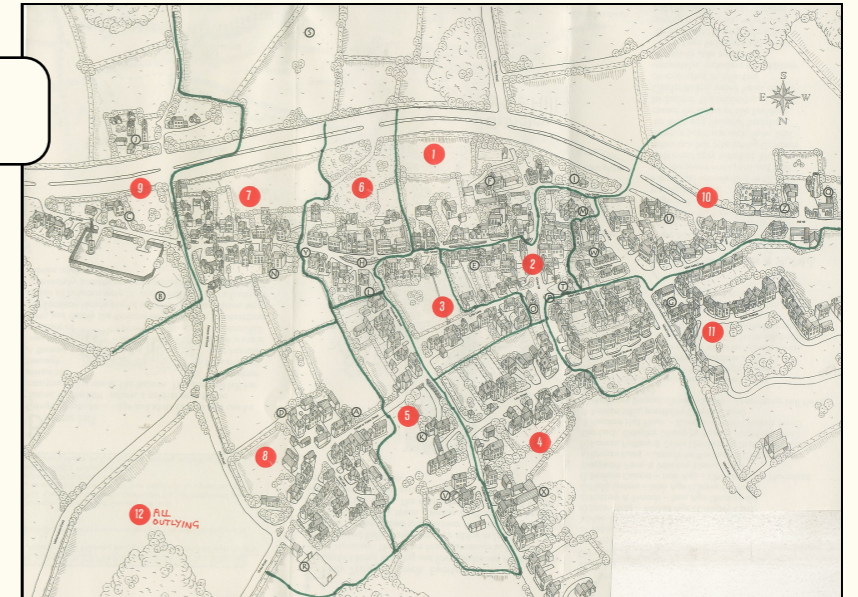

POSSIBLE INSIDE DESIGN - OUTER VILLAGE

We want to chart and eventually publish where the major shops, businesses, amenities, homes and families were in the village, including the outlying farms, by reviewing all the data in our files, then adding to this by documenting anecdotes from villagers and visitors.

We have divided the village into a dozen zones for the purposes of recording and eventually publishing the information.

No deadline, but it will probably take two years.

VILLAGE in 12 ZONES Includes Outer Village now 12A and 12B

Handwritten notes on a piece of paper:
 GRINGLEY - TRADERS - 1940-50s
 HIGH STREET -
 BLACKWELLS (OPPOSITE CHURCH HALL)
