PROFILE Sample Individual Enquiry output to a single A4 sheet

Currently the Club has access to about 10 Directories from 1832 -1936. We also have access to all the published Census returns from 1841 to 1911 (every ten years). We have collated the information on over 1100 individuals and their relatives into one giant spreadsheet - already available to members or subscribers on-line.

We are adding information all the time and one of the next inputs will be details from the Churchyard Gravestone Project. The project which will never finish as such, and is already in a very useable state.

How can I help?

By enquiring after named individuals and checking the information we hold against your own data and feeding back corrections if any.

Confidentiality fully respected when requested.

SPREADSHEET Just 35 sample rows of the 1100 we have, and about 18 columns out of over 80 are aiming to maintain.
